	Reading	GPaS	Maths
WA PP (% expected or above)	75%	75%	50%
National Non PP (% expected or above)	71%	77%	75%

Item/Project	Cost	Objective	Impact
Employment of an LSA to provide phonics intervention across the school.	£11,646	To ensure all year 1 children pass the phonics screening in June 2017	All Year 1 Children did not pass the phonics screening check. RWI is in its infancy in the school, and improved phonics outcomes remain a key objective for the school.
Employment of experienced TA's to support children and address their gaps in learning. These will be identified by the class teacher.	£11,646	Based on specific needs of the children. Y5/6 to have intervention in the afternoons as not to disrupt quality first teaching	KS2 Pupil Premium children achieved well in reading, however maths and writing remain a whole school focus for 2017/18.
Employment of a teacher to provide intervention groups across KS2	£15,437	High quality intervention to be provided	As seen above, children attained well in reading, although outcomes for Pupil Premium children in maths and writing require improvement across FS1, KS1 and KS2.
Peer reading – Younger children to have a weekly reading buddy to model phonics and reading	£0	To continue to ensure all children are read with regularly	This is a successful strategy that will continue in future. Children are more engaged with their reading and look forward to their mentors arriving. In reading, Year 2 and Year 6 Pupil premium attainment exceeded that of non-PP children.
ICT hardware and apps to support individual pupils	£400	To further boost independent learning of specific	Children have particularly enjoyed Maths RockX, a times table app. Many have continued to use it at home and times tables results have improved.

in identified areas of the curriculum.		identified areas of the curriculum	
Subsidised milk funding	£440	In line with legislation from January 1 <sup>st</sup> 2015 whereby pupils eligible for PP are entitled to free milk daily	Pupil Premium children have received milk on request.
Subsidising the cost of school visits.	£1500	To enable all pupils to access the educational opportunities on offer	This approach has been successful in ensuring Pupil Premium children have access to a broad range of experiences. 100% of PP children attended all trips.
Reduced class sizes	£9081	To ensure that attainment is equal to or exceeds non PP pupils and that progress is in line with or exceeds that of non PP children	As seen above, children attained well in reading, although outcomes for Pupil Premium children in maths and writing require improvement across FS1, KS1 and KS2.
Meeting the needs of the PP children outside of attainment e.g.	£0	To ensure the pupils have a 'well rounded' education and	Families have been supported on an individual basis throughout the year.

breakfast club		attendance and diet are addressed	
Learning resources	£6000	To be decided throughout the year	Spending has included: Ocarinas to provide an enriched learning and provided wide experiences for all Read Write inc training for new staff (phonics focus) Catch up Numeracy resources and training (maths focus) CLIC resources and training (maths focus) Spellzoo (spelling focus) KS2 weekly newspapers (reading focus)
Subsidising the cost of school uniform.	£350	To help disadvantaged families	Families have been supported on an individual basis throughout the year.
My Maths	£500	To improve maths and home school links	MyMaths has provided extra opportunities for children at home. However, maths attainment is a whole school focus for 2017/18.
Read, Write inc subscription	£700	To improve phonics and spelling	RWi is in its infancy, and further training has been provided to ensure new staff are able to deliver the program effectively to support children's phonic knowledge.
